NDEPENDENT AUDITORS' REPORT

Council of Trustees
West Chester University of Pennsylvania
of the State System of Higher Education

Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities and the aggregate discretely presented component units of West Chester University of Pennsylvania of the State System of Higher Education ("the University") as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the University's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these basic financial statements based on our audit. We did not audit the financial statements of the discretely presented component units, West Chester University Student Services, Inc. (Student Services), West Chester University Foundation and Subsidiary (the Foundation) and West Chester University Alumni Association (the Association), which represent 100 percent, 100 percent and 100 percent, respectively, of the assets, net assets and revenues of the discretely presented component units. Those statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for the discretely presented component units, is based solely on the reports of other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Council of Trustees West Chester University of Pennsylvania of the State System of Higher Education

Opinions

In our opinion, based on our audit and the reports of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the aggregate discretely presented component units of the University as of June 30, 2013, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3-12 and the Schedule of Funding Progress for the System Plan and REHP (OPEB) on page 51 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

The financial statements of West Chester University of Pennsylvania of the State System of Higher Education as of June 30, 2012, were audited by other auditors whose report dated November 9, 2012, expressed an unmodified opinion on those statements.

CliftonLarsonAllen LLP

Plymouth Meeting, Pennsylvania October 29, 2013

Clifton Larson Allen LLP

Management's Discussion and Analysis (MD&A) is intended to provide a narrative overview and analysis of the financial activities of West Chester University of Pennsylvania of the State System of Higher Education (the University) for the years ended June 30, 2013 and 2012. The University's financial performance is discussed and analyzed within the context of the financial statements and the disclosures that follow.

West Chester University is a public university of the Commonwealth of Pennsylvania (Commonwealth) and a member of the Pennsylvania State System of Higher Education (PASSHE). As such, the University is charged with providing high-quality education at the lowest possible cost to its students. With over 15,400 students enrolled, the University is the largest of the PASSHE universities.

The University functions independently, but being part of PASSHE enables the University to share resources and benefit from economies of scale. Following is an overview of the University's financial activities for the years ended June 30, 2013 and 2012.

Financial Highlights

- The total Commonwealth appropriation to PASSHE for operations in fiscal year 2012-13 was \$412.8 million, the same amount as received in fiscal year 2011-12. This is 11.3% less than the General Fund appropriations received in fiscal year 2010-11 and the same level of funding PASSHE received in fiscal year 1997-98 fifteen years ago.
- The majority of the Commonwealth funding to PASSHE is distributed to each institution based on an allocation formula, which has been approved by PASSHE's Board of Governors (the "Board"). The University received approximately \$43.7 million in funding through the allocation formula in fiscal year 2012-13, which was an 2.3% increase from the \$42.7 million received in fiscal year 2011-12.
- The University also received an allocation of Commonwealth funding that PASSHE set aside for performance. The performance funding plan is part of PASSHE's continuing commitment to ensure the high quality of university programs. It rewards universities for success on measures such as productivity, diversity, and student advancement. In fiscal year 2012-13, the University received \$5.2 million in performance funding; in the prior fiscal year, the University received \$4.7 million in performance funding.
- Total general fund appropriations from the Commonwealth for operations allocated to the University in fiscal year 2012-13 were \$48.9 million; in the prior fiscal year, they were \$47.4 million.
- Capital appropriations, which include appropriations for furnishings and equipment for Commonwealth-funded construction, totaled \$1.3 million in fiscal year 2012-13 and \$0.8 million in fiscal year 2011-12.

Financial Highlights (Continued)

- The PASSHE Board approved a tuition increase of 3.0% for resident and out-of-state students at the undergraduate level for fiscal year 2012-13; the increase for 2011-12 was 7.5%. For graduate students the increase was 3.1% for in-state students and 3.2% for out-of-state students for fiscal year 2012-13. The PASSHE Board also increased the undergraduate technology tuition fee by 2.9% for in-state students and by 3.0% for out-of-state students in fiscal year 2012-13. The technology tuition fee in fiscal year 2011-12 increased 50.0% for in-state students and 50.3% for out-of-state students. Universities must use the technology tuition fee to support instructional technology.
- Mandatory fees for all undergraduate students set by the University increased by 2.5% in fiscal year 2012-13 and by 2.93% in fiscal year 2011-12. Mandatory fees for graduate students increased by 2.8% in fiscal year 2012-13 and by 3.06% in fiscal year 2011-12. Room rates (North and South Campus) remained the same in fiscal year 2012-13. Food service fees increased 2.3% for 14-meal plans in fiscal year 2012-13, compared to 2.44% for the 14-meal plan for fiscal year 2011-12.
- Tuition and fee revenue (net of discounts) was \$123.9 million for fiscal year 2012-13 and \$116.1 million for fiscal year 2011-12. In addition, revenue from auxiliary enterprises (net of discounts) was \$38.2 million in fiscal year 2012-13 and \$34.0 million in fiscal year 2011-12. Auxiliary enterprise revenues are generated primarily from room and food service charges.
- The University purchased \$27.1 million in capital assets in fiscal year 2012-13, as compared to \$29.6 million in fiscal year 2011-12. Major projects in progress or completed during the fiscal year included continuation of the infrastructure and geothermal projects, and the construction of the Student Recreation Center.
- The University generally utilizes PASSHE to facilitate the issuance of bonds to raise capital for major projects. Given the efficiencies of PASSHE acting on behalf of fourteen universities, the University achieves low interest rates and administrative cost savings. Although the University did not obtain any additional bond funding for projects in fiscal year 2012-13, \$27.8 million of additional bond financing was obtained for projects in fiscal year 2011-12.
- During fiscal year 2002-03, the University entered into an agreement with the Borough of West Chester
 to construct and operate two parking garages. The University has recorded this agreement as a capital
 lease obligation. One parking garage was completed in the fall of 2003, while the other was completed
 in the fall of 2004. The projects were financed through a general revenue bond issuance of \$9.6 million,
 issued by the Borough of West Chester. The net amount outstanding on this debt was \$7.0 million and
 \$7.3 million at June 30, 2013 and 2012, respectively.
- During fiscal year 2012-13, the University entered into an agreement with the Borough of West Chester
 to construct and operate the New Street parking garage. The University has recorded this agreement as
 a capital lease obligation. The projects were financed through a general revenue bond issuance of \$9.82
 million, issued by the Borough of West Chester. The net amount outstanding on this debt was
 \$9.82 million at June 30, 2013.

Financial Highlights (Continued)

- The West Chester University Foundation (the Foundation), previously known as the Fund for West Chester University, was established in 2001 with the specific purpose of performing fundraising for the educational, charitable and scientific interests of the University. The Foundation, a component unit of the University that is reflected in the audited financial statements, includes a wholly-owned subsidiary, University Student Housing, LLC (USH).
- The purpose of USH is to develop, design, finance, construct and operate new housing for the students of the University. USH and the University entered into a ground lease by which USH agreed to construct apartment-style housing (The Village) on South Campus and suite-style housing (University Hall) on North Campus; in total, the housing accommodates approximately 800 students. Revenue bonds of \$42.3 million dollars were issued by USH through the Chester County Industrial Development Authority in August 2003. These bonds are non-recourse to the University. Construction began shortly thereafter and was completed in the first half of fiscal year 2004-05.
- In March of 2008, USH issued \$100.3 million in revenue bonds through the Chester County Industrial Development Authority for the first phase of a proposed three-phase Housing Renewal Initiative. This initiative is intended to replace most of the University's existing housing. The first phase, comprised of two buildings (Allegheny and Brandywine) and were completed and occupied at the start of the 2009 Fall semester.
- On June 22, 2012, the Foundation entered into a loan agreement with DNB First, NA in the amount of \$2.4 million for the purchase of real estate located at 202 Carter Drive, West Chester, PA.
- On August 28, 2012, USH obtained a commitment to borrow up to \$22.0 million as a loan payable to a bank. The proceeds from the loan are to be used solely to finance the construction of a new apartment style student housing building (East Village Housing).
- On February 1, 2013, USH entered into a loan agreement of \$57.5 million with Chester County Industrial Development Authority ("CCIDA"), for the construction of student housing facilities (Commonwealth Hall).

The Financial Statements

Balance Sheet

This statement reports the balances of the assets, liabilities and net position of the University as of the end of the fiscal year. Assets include cash; investments reported at fair value; the value of outstanding receivables due from students and other parties; and land, buildings, and equipment reported at cost, less accumulated depreciation. Liabilities include payments due to vendors and students; the balance of bonds payable; and liabilities such as workers' compensation (the University is self-insured), compensated absences (the value of sick and annual leave earned by employees), and postretirement benefits (health and tuition benefits expected to be paid to certain current and future retirees). The difference between the assets and liabilities is reported as net position. Net position increased by \$18.2 million and \$21.2 million in fiscal years 2012-13 and 2011-12, respectively.

The Financial Statements (Continued)

Balance Sheet (Continued)

Following is a summary of the balance sheet at June 30 (in millions):

	2013		2012	
ASSETS				
Capital Assets, Net	\$	189.5	\$	176.1
Other Assets		228.1		214.6
Total Assets	\$	417.6	\$	390.7
LIABILITIES AND NET POSITION				
LIABILITIES				
Workers' Compensation, Compensated Absences,				
and Postretirement Obligations	\$	118.7	\$	108.8
Bonds Payable		63.3		69.4
Other Liabilities		54.9		50.0
Total Liabílities		236.9		228.2
NET POSITION				
Net Investment in Capital Assets		111.3		104.1
Restricted		28.5		25.5
Unrestricted		40.9		32.9
Total Net Position		180.7		162.5
Total Liabilities and Net Position	\$	417.6	\$	390.7

Amounts were rounded; consequently some totals may appear not to add exactly.

- Net investment in capital assets is the cost of land, buildings, improvements, equipment, furnishings, and library books, net of accumulated depreciation and less any associated debt such as bonds payable. This balance is not available for the University's use in ongoing operations, since the underlying assets would have to be sold in order to use the balance to pay current or long-term obligations. The Commonwealth prohibits PASSHE from selling university land and buildings without prior approval.
- Restricted net position represents the balances of funds received from the Commonwealth, donors, or grantors who have placed restrictions on the purpose for which the funds must be spent. Nonexpendable restricted net position represents corpuses of endowments and similar arrangements in which only the associated investment income can be spent. Expendable restricted net position is available for expenditure as long as any external purpose and time restrictions are met.

The Financial Statements (Continued) Balance Sheet (Continued)

- Unrestricted net position includes all other funds not appropriately classified as restricted or invested in capital assets. Unrestricted net position has been reduced by two unfunded liabilities:
 - 1. The liability for postretirement benefits increased by \$9.8 million to \$104.9 million at June 30, 2013. Because this liability is realized gradually over time, and because of its size, the University funds it only as it becomes due.
 - 2. The liability for compensated absences increased by \$0.7 million to \$12.7 million at June 30, 2013. Similar to the postretirement benefits liability, cash payouts to employees upon termination or retirement for annual and sick leave balances are realized gradually over time, and because of its size, the University funds it only as it becomes due.

Statement of Revenues, Expenses, and Changes in Net Position

This statement reports the revenues earned and the expenses incurred in the fiscal year. The result is reported as an increase or decrease in net position. In accordance with Governmental Accounting Standards Board (GASB) requirements, the University has classified revenues and expenses as either operating or nonoperating. GASB has determined that all public colleges' and universities' state appropriations are nonoperating revenues. In addition, GASB requires classification of Pell grants, gifts, investment income and expenses, and losses on disposals of assets as nonoperating; the University classifies all of its remaining activities as operating.

The Financial Statements (Continued)

Statement of Revenues, Expenses, and Changes in Net Position (Continued)

Following is a summary of revenues, expenses, and changes in net position for the years ended June 30 (in millions):

2013		2012		
Operating Revenues:				
Tuition and Fees, Net	\$	123.9	\$	116.1
Grants and Contracts		12.9		16.9
Auxiliary Enterprises, Net		38.2		34.0
Other		5.7		5.9
Total Operating Revenues		180.7		172.9

Change in Net Position	\$	18.2	\$	21.2

Amounts were rounded; consequently some totals may appear not to add exactly.

The Financial Statements (Continued)

Statement of Revenues, Expenses, and Changes in Net Position (Continued)

In addition to the changes to the appropriation and tuition revenue discussed in the Financial Highlights section of this analysis, following are the more significant revenue and expense items:

- Financial aid to students in the form of waivers and scholarships was \$18.5 million, which was a 3.1% increase from the previous year. Waivers of tuition and fees are shown as a reduction of student tuition and fee revenues.
- Net investment income (including unrealized gains) for fiscal year 2012-13 was \$4.3 million, an
 increase of \$1.7 million from the prior year. This increase was due to an increase in unrealized gains
 on investments.
- The University spent \$103.1 million, or 44.5% of its operating expenses, on salaries in fiscal year 2012-13 as compared to \$98.1 million, or 45.6% of its operating expenses, in fiscal year 2011-12. Benefit costs increased in fiscal 2012-13 to \$32.7 million from \$30.7 million the prior year. Postretirement costs were \$17.5 million and \$15.9 million in fiscal years 2012-13 and 2011-12, respectively. In total, the University spent \$156.5 million on salaries, postretirement expense, wages, and benefits, or 67.6% of operating expenditures, in fiscal 2012-13, and \$147.5 million, or 68.6% of operating expenditures, in fiscal 2011-12.

Statement of Cash Flows

This statement's primary purpose is to provide relevant information about the cash receipts and cash payments of the University. It may be used to determine the University's ability to generate future net cash flows and meet its obligations as they come due, as well as its possible need for external financing.

Future Economic Factors

- For fiscal year 2013-14, the Commonwealth will provide an appropriation for operations of \$412.8 million to PASSHE, which is the same amount of funding provided for fiscal year 2012-13. The University's share of the appropriation, through the allocation formula, increased by \$1.9 million to \$45.6 million due primarily to the University's enrollment increases and enrollment decreases at many of the other PASSHE universities. However, to lessen the financial burden on two other PASSHE institutions that had experienced significant enrollment declines, PASSHE reallocated \$1.6 million of the \$45.6 million due to the University. Consequently, the University's appropriation, through the allocation formula, was reduced to \$44.0 million.
- In addition, the University will receive \$5.9 million in performance funding from PASSHE for fiscal year 2013-14.

The Financial Statements (Continued)

Future Economic Factors (Continued)

- The PASSHE Board approved tuition increases of 3.0% for both undergraduate students and graduate students for fiscal year 2013-14. In addition, the Board increased the technology tuition fee by 2.8% for resident undergraduate students; and 3.0% for non-resident undergraduate students. The technology tuition fee remained the same for both resident and non-resident graduate students. Mandatory student fees set by the University will increase 1.6% for undergraduate students and by 1.7% for graduate students. Room rates (North Campus and South Campus) will remain the same. Food service plans will increase 2.40% for both the 12 and 14-meal plan.
- West Chester University has demonstrated that it is fiscally strong, with a growing enrollment and prudent management of financial resources. However, several conditions could limit the University's financial flexibility in fiscal year 2013-14 and beyond:
 - 1. <u>State Appropriations</u> Given the economic conditions of the nation and the Commonwealth, it is likely that Commonwealth appropriations to PASSHE will be flat or declining for the next several years.
 - 2. <u>Plans for necessary facilities upgrades</u> These requirements could commit a significant portion of the University's available fund balance. However, the new fees to support investments in facilities and sustainable energy, which were implemented beginning in fiscal year 2009-10, generate approximately \$3.0 million per year. This additional revenue will ameliorate potential problems of inadequate funds for facilities improvements.
 - 3. <u>Increased costs for salaries and benefits mandated by collective bargaining agreements</u> All collective bargaining agreements have been successfully renegotiated. These contracts are negotiated by PASSHE or the Commonwealth of Pennsylvania; the financial impact is a continuing increase in salaries and benefits.
 - 4. <u>Increases in employer retirement contributions</u> While employer retirement contribution rates had held fairly steady for many years, the era of low and relatively stable employer contribution rates for the State Employee Retirement System (SERS) ended starting in fiscal year 2010-11. Due to the current economic environment, retirement enhancements previously enacted by the state legislature, decisions by the SERS Board to defer funding obligations, and previous investment losses, rates are projected to rise significantly over the next several years.

The Financial Statements (Continued) Future Economic Factors (Continued)

- 5. Increased health care costs As has occurred at the national level, health care costs for the University have increased significantly in recent years and are projected to increase further, albeit at a slower rate. Beginning with fiscal year 2005-06, employees of the University (and PASSHE as a whole) started to share in the cost of health care. PASSHE also implemented a Health Care Cost Containment Committee to study ways to contain costs while still providing quality services to employees. PASSHE currently is exploring a restructuring of its health care plans to further contain costs.
- 6. <u>Volatility in energy costs</u> To militate against this potential volatility, including the results of the recent deregulation of electric rates, the University contracted with an energy savings company to recommend and implement facilities improvements to help reduce the University's annual utility expense. Based on the recommended improvements, the University conservatively estimates almost \$8 million in net savings/cost avoidance over a 15-year period. Those estimated savings will be used to fund necessary deferred maintenance projects that will be accomplished at the same time as the energy-savings improvements. In addition, the University has embarked on a program to convert heating and cooling for most of its buildings to a geothermal system, which should provide significant long-term savings, as well as dramatically reduce particulates discharged into the atmosphere from the current coal-fired boilers. The geothermal project is being funded with federal and Commonwealth grants, direct appropriations from the Commonwealth, and funds from the University and USH.
- 7. Revisions to the allocation formula It is likely that within the next year PASSHE will revise the formula for allocating funding to the universities. The impact of this probable revision is unknown, but could result in a reduced level of funding for the University. In fiscal year 2013-14, PASSHE reallocated \$1.6 million of University funding to other PASSHE institutions.
- The factors mentioned above could reduce the University's flexibility beginning in the current fiscal
 year and might necessitate alternative and less costly methods of providing some support services.
 The University is currently exploring various options, including changes to its budget allocation
 model.
- The University, in conjunction with USH, has developed a housing master plan for the replacement of much of the older housing on campus. As currently envisioned, USH will develop and operate this housing. The first phase of the new housing, which opened fall semester 2009, accommodates approximately 1,258 students. Housing operated by USH was 99.8% leased at the beginning of fall semester 2012. USH constructed in the spring of 2013 a 264-bed addition to its apartment-style housing on south campus and started construction of a high-rise facility with over 650 beds on north campus.

The Financial Statements (Continued)

Future Economic Factors (Continued)

• The enrollment demand at the University has remained strong, with over 14,600 freshmen applications for 2,298 openings for the fall of 2013.

NOTE 1 NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

West Chester University of Pennsylvania of the State System of Higher Education (the University), a public four-year institution located in West Chester, Pennsylvania, was founded in 1871. The University is one of fourteen universities of the Pennsylvania State System of Higher Education (PASSHE). PASSHE was created by the State System of Higher Education Act of November 12, 1982, P.L. 660, No. 188, as amended (Act 188). PASSHE is a component unit of the Commonwealth of Pennsylvania (the Commonwealth).

Reporting Entity

The University functions as a business-type activity, as defined by Government Accounting Standards Board (GASB).

The University has determined that Student Services, Inc. (SSI), the West Chester University Foundation and Subsidiary (the Foundation), and West Chester University Alumni Association (the Association) are separate legal entities for which the University has oversight responsibility and should be included in the University's financial statements as aggregate discretely presented component units. A component unit is a legally separate organization for which the primary institution is financially accountable or closely related.

SSI operates the campus bookstore and manages various student activities. The Foundation promotes the charitable, scientific and educational interests of the University by soliciting funds and other property. The Foundation also includes the operations of University Student Housing, LLC, which was formed to construct, operate and manage student housing facilities for the benefit of the University. The Association was formed to promote the interests of the University in all areas of academic, cultural and social needs and to increase alumni awareness of the University's needs.

The accompanying financial statements of the component units, which are all private nonprofit organizations, are reported in accordance with Financial Accounting Standards Board (FASB) requirements, including FASB Statement No. 117, Financial Reporting for Not-for-Profit Organizations. As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features. No modifications have been made to the component units' financial information presented herein.

Complete financial statements for SSI, the Foundation, and the Association may be obtained at the University's administrative office.

NOTE 1 NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Measurement Focus, Basis of Accounting, and Basis of Presentation

The accompanying financial statements have been prepared using the economic resources measurement focus and the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America, as prescribed by GASB. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements have been met.

Operating Revenues and Expenses

Operating revenues of the University consist of tuition, all academic, instructional, and other student fees, student financial aid, grants and contracts, sales and services of educational activities, and auxiliary enterprise revenues. In addition, governmental and private grants and contracts in which the grantor receives equal value for the funds given to the University are recorded as operating revenues. Expenses, with the exception of interest expense, are recorded as operating expenses. Appropriations, gifts, interest income, capital grants, gains on the disposal of assets, parking and library fines, and governmental and private research grants and contracts in which the grantor does not receive equal value for the funds given to the University are reported as nonoperating revenue.

Scholarship Discounts and Allowances

Student tuition and fee revenues, and certain other revenues from students, are reported net of scholarship discounts and allowances in the statement of revenues, expenses and changes in net assets. Scholarship discounts and allowances are the difference between the stated charge for goods and services provided by the University and the amount that is paid by students and/or third parties making payments on students' behalf. To the extent that revenues from such programs are used to satisfy tuition and fees and other student services, the University has recorded a scholarship discount and allowance.

Net Position (formerly referred to as Net Assets)

The University maintains the following classifications of net position. The term "net position" has replaced the term "net assets" as required by GASB Statement No. 63, Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position.

NOTE 1 NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Net Position (formerly referred to as Net Assets) (continued)

Net investment in capital assets (previously referred to and the same as "Invested in capital assets, net of related debt"; the terminology was changed by GASB in Statement No. 63): Capital assets, net of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction, repair, or improvement of those assets.

Restricted - nonexpendable: Net assets subject to externally imposed conditions requiring that the University maintain them in perpetuity.

Restricted - expendable: Net assets whose use is subject to externally imposed conditions that can be fulfilled by the actions of the University or by the passage of time.

Unrestricted: All other categories of net assets. Unrestricted net assets may be designated for specific purposes by the University's Council of Trustees.

When both restricted and unrestricted assets are available for expenditure, the decision as to which assets are used first is left to the discretion of the University.

Cash Equivalents and Investments

The University considers all demand and time deposits, money market funds, and overnight repurchase agreements to be cash equivalents. Restricted amounts are held for use on specific bond projects. Equity securities with readily determinable fair values and debt securities are valued at fair value based on quoted market prices. Mutual funds are valued at quoted market prices, which represent the net asset value of shares held. Adjustments to reflect increases or decreases in market value, referred to as unrealized gains and losses, are reported in the statement of revenues, expenses, and changes in net position (University)/assets (Component Units).

Accounts and Loans Receivable

Accounts receivable consist of tuition and fees charged to current and former students, amounts due from federal and state governments in connection with reimbursements of allowable expenditures made pursuant to grants and contracts and other miscellaneous sources. Loans receivable consist of funds loaned to students under federal loan programs.

Accounts and loans receivable are reported at net realizable value. Accounts and loans are written off when they are determined to be uncollectible based upon management's assessment of individual accounts. Allowances for doubtful accounts are estimated based upon the University's historical losses and periodic review of individual accounts and loans. Accounts receivable are reported net of an allowance for doubtful accounts of approximately \$527,000 in 2013 and \$848,000 in 2012. Loans receivable are reported net of an allowance for doubtful accounts of approximately \$591,000 in 2013 and 2012.

NOTE 1 NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Inventory

Inventory consists mainly of supplies and is stated at the lower of cost or market, with cost determined principally on the weighted average method.

Capital Assets

Land and buildings acquired or constructed prior to the creation of PASSHE on July 1, 1983, are owned by the Commonwealth and made available to the University. Since the University neither owns such assets nor is responsible to service associated bond indebtedness, no value is ascribed thereto in the accompanying financial statements. Likewise, no value is ascribed to the portion of any land or buildings acquired or constructed utilizing capital funds appropriated by the Commonwealth after June 30, 1983, and made available to the University.

Buildings, equipment, and furnishings acquired or constructed after June 30, 1983, through the expenditure of University funds or the incurring of debt, are stated at cost less accumulated depreciation. All capital assets, except land and construction in progress, are depreciated. Land is never depreciated. Construction in progress costs are accumulated until the project is complete and placed in service. At that time, the costs are transferred to the appropriate asset class and depreciation begins. Depreciation is provided on a straight-line basis over the estimated useful lives of the assets. All assets with a purchase cost, or fair value if acquired by gift, in excess of \$5,000 with an estimated useful life of two years or greater are capitalized. All library books are capitalized. Normal repair and maintenance expenditures are not capitalized because they neither add to the value of the property nor materially prolong its useful life.

Impairment of Capital Assets

Management reviews capital assets for impairment whenever events or changes in circumstances indicate that the service utility of an asset has declined significantly and unexpectedly. Any write-downs due to impairment are charged to operations at the time impairment is identified. No write-down of capital assets was required for the years ended June 30, 2013 or 2012.

Unearned Revenue (previously Deferred Revenue)

Unearned revenue includes amounts received for tuition and fees, grants, corporate sponsorship payments, and certain auxiliary activities prior to the end of the fiscal year but related to the subsequent accounting period. The University previously referred to "unearned revenue" as "deferred revenue," but changed the terminology in accordance with the new GASB requirements.

NOTE 1. NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Compensated Absences

Employees' right to receive annual leave and sick leave payments upon termination or retirement for services already rendered is recorded as a liability.

Income Taxes

The University, as a member of PASSHE, is tax exempt; accordingly, no provision for income taxes has been made in the accompanying financial statements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Pension Plans

Employees of the University are required to enroll in one of three available retirement plans immediately upon employment. The University recognizes annual pension expenditures equal to its contractually required contributions to the plans.

Scholarships and Waivers

In accordance with a formula prescribed by the national Association of College and University Business Officers (NACUBO), the University allocates the cost of scholarships, waivers and other student financial aid between Scholarship discounts and allowances (netted against tuition and fees) and student aid expense. Scholarships and waivers of room and board fees are reported in Auxiliary Enterprises. The cost of tuition waivers granted to employees is reported as employees' benefits expense.

Reclassifications

Certain reclassifications were made to the 2012 financial statements to conform to the 2013 presentation.

New Accounting Standards

In November 2010, GASB issued Statement No. 60, Accounting and Financial Reporting for Service Concession Arrangements. Statement No. 60 establishes guidance for accounting and financial reporting for service concession arrangements, which are a type of public-private or public-public partnership. The University was required to adopt Statement No. 60 for the fiscal year ending June 30, 2013. The University determined that Statement No. 60 has no effect on its financial statements.

NOTE 1 NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

New Accounting Standards (continued)

In June 2011, GASB issued Statement No. 63, Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position. In March 2012, GASB issued Statement No. 65, Items Previously Reported as Assets and Liabilities. With Statements No. 63 and 65, GASB has reclassified certain assets and liabilities as "deferred outflows" and "deferred inflows" of resources. Further, GASB has replaced the term "net assets" with "net position," and has changed the balance sheet presentation to "assets, plus deferred outflows of resources equals liabilities, plus deferred inflows of resources, plus net position." The University was required to adopt Statement No. 63 for the fiscal year ending June 30, 2013, and is required to adopt Statement No. 65 for the fiscal year ending June 30, 2014. The University has determined that the adoption of Statement No. 63 has no effect on the substance of its financial statements but will increase the complexity of the financial statements to its readers, as the new presentation will differ from the traditional and familiar business reporting model. The University has determined that the adoption of Statement No. 65 will require that bond issuance costs, which previously were netted against the associated bond discount or bond premium on the balance sheet and amortized over the life of the associated bond payable, now will be expensed in the period incurred. The amount of fiscal year 2012/2013 bond issuance costs that will be restated as an expense on next year's financial statements is \$463,681.

In June 2012, GASB issued Statement No. 68, Accounting and Financial Reporting for Pensions. Statement No. 68 will require the University to report its share of the pension liabilities that the Commonwealth of Pennsylvania State Employees' Retirement System (SERS) and Public School Employees' Retirement System (PSERS) must record beginning in fiscal year 2014/15. Although the University has not received an estimate of its share of the pension liabilities from either organization, the liabilities are expected to be significant and have a detrimental effect on its financial statements.

In January 2013, GASB issued Statement No. 69, Government Combination and Disposals of Government Operations. Statement No. 69 established accounting and financial reporting standards related to government combinations and disposals of government operations. In April 2013, GASB issued Statement No. 70, Accounting and Financial Reporting for Nonexchange Financial Guarantees. Statement No. 70 specifies the information required to be disclosed by governments that extend nonexchange financial guarantees. The University has determined that Statements No. 69 and 70 will have no effect on its financial statements.

NOTE 3 DEPOSITS AND INVESTMENTS

The University predominantly maintains its cash balances on deposit with PASSHE. PASSHE maintains these and other PASSHE funds on a pooled basis. Although PASSHE pools its funds in a manner similar to an internal investment pool, individual PASSHE entities do not hold title to any assets in the fund. PASSHE as a whole owns title to all assets. The University does not participate in the unrealized gains or losses of the investment pool; instead, the University holds shares equal to its cash balance. Each share has a constant value of \$1 and income is allocated based on the number of shares owned. Revenue realized at the PASSHE level is calculated on a daily basis and posted monthly to each entity's account as interest income. The University's portion of pooled funds was \$197,367,933 at June 30, 2013 and \$180,938,674 at June 30, 2012.

PASSHE invests its funds in accordance with the PASSHE Board of Governors' (the Board) Investment Policy, which authorizes PASSHE to invest in obligations of the U.S. Treasury, repurchase agreements, commercial paper, certificates of deposit, banker's acceptances, U.S. money market funds, municipal bonds, corporate bonds, collateralized mortgage obligations (CMOs), asset-backed securities, and internal loan funds. Restricted nonexpendable funds and amounts designated by the Board or University Trustees may be invested in the investments described above, as well as corporate equities and approved pooled common funds. For purposes of convenience and expedience, the University uses local financial institutions for activities such as cash deposits. In addition, the University may accept gifts of investments from donors as long as risk is limited to the investment itself. Restricted gifts of investments fall outside the scope of the investment policy.

In keeping with its legal status as a system of public universities, PASSHE recognizes a fiduciary responsibility to invest all funds prudently and in accordance with ethical and prevailing legal standards. Investment decisions are intended to minimize risk while maximizing asset value. Adequate liquidity is maintained so that assets can be held to maturity. High quality investments are preferred. Reasonable portfolio diversification is pursued to ensure that no single security or investment or class of securities or investments will have a disproportionate or significant impact on the total portfolio. Investments may be made in U.S. dollar-denominated debt of high quality U.S. and non-U.S. corporations. Investment performance is monitored on a frequent and regular basis to ensure that objectives are attained and guidelines are followed.

Safety of principal and liquidity are the top priorities for the investment of PASSHE's operating funds. Within those guidelines, income optimization is pursued. Speculative investment activity is not allowed; this includes investing in asset classes such as commodities, futures, short-sales, equities, real or personal property, options, venture capital investments, private placements, letter stocks, and unlisted securities.

NOTE 3 DEPOSITS AND INVESTMENTS (CONTINUED)

PASSHE's operating funds are invested and reinvested in the following types of instruments with qualifications as provided. (See Board *Policy 1986-02-A, Investment,* for a complete list of and more details on permissible investments and associated qualifications.)

Qualifications/Moody's Ratings Requirements			
To a show with warming to a serious state of the se			
Together with repurchase agreements must comprise at			
least 20% of the market value of the fund.			
Underlying collateral must be direct obligations of the			
United States Treasury and be in PASSHE's or its agent's			
custody.			
P-1 and P-2 notes only, with no more than 5% and 3%,			
respectively, of the market value of the fund invested in			
any single issuer. Total may not exceed 20% of the			
market value of the fund.			
Bonds must carry long-term debt rating of A or better.			
Total may not exceed 20% of the market value of the			
fund.			
15% must carry long-term debt rating of A or better; 5%			
may be rated Baa2 or better. Total may not exceed 20%			
of the market value of the fund.			
Must be rated Aaa and guaranteed by U.S. government.			
Total may not exceed 20% of the market value of the			
fund.			
Must be Aaa rated. Total may not exceed 20% of the			
market value of the fund, with no more than 5% invested			
in any single issuer.			
Total may not exceed 20% of the market value of the			
fund, and loan terms may not exceed 5 years.			

CMO Risk: CMOs are sometimes based on cash flows from interest-only (IO) payments or principal-only (PO) payments and are sensitive to prepayment risks. The CMOs in PASSHE's portfolio do not have IO or PO structures; however, they are subject to extension or contraction risk based on movements in interest rates.

NOTE 3 DEPOSITS AND INVESTMENTS (CONTINUED)

Moody's Rating: PASSHE uses ratings from Moody's Investors Service, Inc. to indicate the credit risk of investments, i.e., the risk that an issuer or other counterparty to an investment will not fulfill its obligations. An Aaa rating indicates the highest quality obligations with minimal credit risk. Ratings that begin with Aa indicate high quality obligations subject to very low credit risk; ratings that begin with A indicate upper-medium-grade obligations subject to low credit risk; and ratings that begin with Baa indicate medium-grade obligations, subject to moderate credit risk, that may possess certain speculative characteristics. Moody's appends the ratings with numerical modifiers 1, 2, and 3, with 1 indicating a higher ranking and 3 indicating a lower ranking within the category. For short-term obligations, a rating of P-1 indicators that issuers have a superior ability to repay short-term debt obligations.

Modified Duration: PASSHE denotes interest rate risk, or the risk that changes in interest rates will affect the fair value of an investment, using *modified duration*. *Duration* is a measurement in years of how long it takes for the price of a bond to be repaid by its internal cash flows. *Modified duration* takes into account changing interest rates. PASSHE maintains a portfolio duration target of 1.8 years with an upper limit of 2.5 years for the intermediate-term component of the operating portion of the investment portfolio. PASSHE's duration targets are not applicable to its long-term investments.

At June 30, 2013 and 2012, the carrying amount of the University's demand and time deposits was \$259,976 and \$332,252, respectively, as compared to bank balances of \$253,847 and \$120,031, respectively. The difference is primarily caused by items in-transit and outstanding checks. Of the bank balances at June 30, 2013 and 2012, \$253,847 and \$120,031, respectively, were covered by federal government depository insurance. All bank balances were covered by federal depository insurance or were collateralized by a pledge of U.S. Treasury obligations held by Federal Reserve Banks in the name of the banking institutions, or uninsured but covered under the collateralization provisions of the Commonwealth's Act 72 of 1971 (Act 72), as amended. Act 72 allows banking institutions to satisfy the collateralization requirements by pooling eligible investments to cover total public funds on deposit in excess of federal insurance. Such pooled collateral is pledged with the financial institutions' trust departments.

The carrying value (fair value) of investments for the University's investments including split interest agreements at June 30, 2013 is presented below:

	Moody's Rating	Modified Duration (Range)		
	(If Applicable)	• - •		Fair Value
U.S. Treasury and Agency				
Obligations		0.20 - 0.70	\$	167,265
Fixed Income Mutual Funds		1.00		58,694
Equity Mutual Funds				17,191,043
Common Stocks				880,286
Total Investments			\$	18,297,288

NOTE 3 DEPOSITS AND INVESTMENTS (CONTINUED)

The carrying value (fair value) of investments for the University's investments including split interest agreements at June 30, 2012 is presented below:

	Moody's Rating (If Applicable)	Modified Duration (Range) (If Applicable)	 Fair Value	
U.S. Treasury and Agency				
Obligations		0.20 - 0.70	\$ 199,876	
Fixed Income Mutual Funds		1.00	142,282	
Equity Mutual Funds			15,499,088	
Common Stocks			797,257	
Total Investments			\$ 16,638,503	

The University has no exposure to foreign currency risk.

NOTE 4 SPLIT-INTEREST AGREEMENTS

The University is a party to various charitable gift annuity contracts in which the University receives assets from the donor and agrees to pay the donors an annuity over the life of the donor. Assets received are carried at fair value and were \$7,339 in 2013 and \$17,343 in 2012. The annuity payable is adjusted on an annual basis based on the estimated life expectancy of the donors and was \$46,208 in 2013 and \$49,957 in 2012.

NOTE 5 CAPITAL ASSETS

Capital assets acquired or constructed by the University through the expenditures of University funds or the incurrence of debt consist of the following:

Interest		243,569	 267,247
Total	\$ 1	7,472,959	\$ 20,630,737

NOTE 7 BONDS PAYABLE

Bonds payable consist of tax-exempt revenue bonds issued by PASSHE through the Pennsylvania Higher Educational Facilities Authority (PHEFA). In connection with the bond issuances, PASSHE entered into a loan agreement with PHEFA on under which PASSHE has pledged its full faith and credit for the repayment of the bonds. The loan constitutes an unsecured general obligation of PASSHE. PASSHE's Board of Governors has allocated portions of certain bond issuances to the University to undertake various capital projects or to advance refund certain previously issued bonds. The University is responsible for the repayment of principal and interest on its applicable portion of each obligation. The various bond series allocated to the University are as follows:

	2013									
	Weighted Average Interest Rate		Balance July 1, 2012		Bonds Issued		F	Bonds Redeemed		Balance June 30, 2013
Series AC Used for Dining Hall Project	4.90%	\$	312,371	\$		-	\$	(17,740)	\$	294,631

NOTE 7 BONDS PAYABLE (CONTINUED)

The University participates in PASSHE's Academic Facilities Renovation Bond Program (AFRP), which was established for the purpose of renovating the academic facilities across PASSHE. This program will provide \$100,000,000 in funding over the next several years. PASSHE will issue bonds to provide a pool for funding for AFRP (\$37,540,072 and \$41,271,274 was outstanding as of June 30, 2013 and 2012, respectively). Universities can request funds for AFRP projects in accordance with their preapproved amount of funding from the pool. Repayments to the pool are made annually based on the University's proportionate share of the total allocation of funds under the program. The University owed \$2,434,335 in 2013 and \$2,824,949 in 2012 to PASSHE for AFRP funding. Changes in the balance owed by the University to the AFRP pool of funding were as follows:

	201.	3	2012
Balance at July 1	\$ 2,8	24,949 \$	2,698,738
Proceeds .		-	505,015
Repayments	(3:	90,614)	(378,804)
Balance at June 30	\$ 2,4	34,335 \$	2,824,949

NOTE 8 CAPITAL LEASE OBLIGATION

The University and the Borough of West Chester entered into a capital lease obligation relating to three parking garages. The University also has various equipment under capital leases consisting primarily of copy machines. Charges in capital lease obligations are as follows:

	2013	2012
Balance at July 1	\$ 7,625,688	\$ 8,029,276
Increases	9,831,855	65,977
Repayments	(546,202)	 (469,565)
Balance at June 30	\$ 16,911,341	\$ 7,625,688

Capital assets include a parking garage under capital lease of \$19,735,000 and \$9,915,000 in 2013 and \$9,915,000 in 2012 which is reported net of accumulated depreciation of \$3,701,372 in 2013 and \$3,286,511 in 2012. In addition, capital asset includes equipment under capital lease of \$273,653 in 2013 and \$574,879 in 2012 which are reported net of accumulated depreciation of \$123,045 in 2013 and \$257,202 in 2012.

NOTE 8 CAPITAL LEASE OBLIGATION (CONTINUED)

The following is a summary of future minimum lease payments along with the present value of the net minimum lease payments as of June 30, 2013:

Year Ending June 30,		Amount		
2014	\$	1,269,295		
2015		1,234,900		
2016	1,206,51			
2017		1,196,510		
2018		1,191,687		
Thereafter		16,552,907		
Total Minimum Lease Payments		22,651,814		
Less: Amount Representing Interest		(5,740,473)		
Net Present Value of Minimum Lease Payments		16,911,341		
Less: Current Portion		781,538		
Long-Term Capital Lease Obligations	\$	16,129,803		

NOTE 9 UNEARNED REVENUE

Unearned revenue consists of the following components at June 30:

	2013				2012				
	 Current		Noncurrent Curre		Current		ncurrent		
Student Tuition and Fees	\$ 5,316,620	\$	9,155	\$	5,192,052	\$	7,323		
Grants	714,421		-		1,244,815		-		
Sales and Services	85,138		30,376		54,617		56,004		
Other	1,280,620				1,286,934				
Total	\$ 7,396,799	\$	39,531	\$	7,778,418	\$	63,327		

NOTE 10 COMPENSATED ABSENCES AND POSTRETIREMENT BENEFITS

Compensated absences and postretirement benefits consist of the following components at June 30:

	2013				2012				
	 Current		Noncurrent		Current		Voncurrent		
Compensated Absences Postretirement Benefit	\$ 676,734	\$	12,033,288	\$	424,753	\$	11,608,535		
Obligations	7,313,000		97,562,639		6,849,000		88,244,957		
Total	\$ 7,989,734	\$	109,595,927	\$	7,273,753	\$	99,853,492		

Compensated Absences

The changes in compensated absences are as follows:

	2013			2012
Balance at July 1	\$ 12,033,288	_	\$	11,608,535
Current Changes in Estimate	1,462,026			1,371,510
Payouts	 (785,292)			(946,757)
Balance at June 30	\$ 12,710,022	_	\$	12,033,288

Postretirement Benefits

University employees who retire after meeting specified service and age requirements become eligible for participation in one of two defined healthcare benefit plans referred to here as the "System Plan" and the "Retired Employees Health Program". These plans include hospital, medical/surgical, and major medical coverage, and provide a Medicare supplement for individuals over age 65.

System Plan

Plan Description

Employee members of the Association of Pennsylvania State College and University Faculties, (APSCUF), the State College and University Professional Association, (SCUPA), Security Police and Fire Professionals of America, Pennsylvania Nurses Association, and non-represented employees participate in a single-employer defined benefits healthcare plan administered by PASSHE (the System Plan). The System Plan provides eligible retirees and their eligible dependents with healthcare benefits as well as tuition waivers at any of the PASSHE universities. Act 188 empowers the Board to establish and amend benefit provisions. The System Plan is unfunded, and no financial report is prepared.

NOTE 10 COMPENSATED ABSENCES AND POSTRETIREMENT BENEFITS (CONTINUED)

System Plan (Continued)

Funding Policy

The contribution requirements of plan members and PASSHE are established and may be amended by the Board. The System Plan is funded on a pay-as-you-go basis; i.e., premiums are paid to an insurance company and various health maintenance organizations to fund the healthcare benefits provided to current retirees. Tuition waivers are provided by the retiree's sponsoring university as they are granted. PASSHE paid premiums of \$42,975,000 and \$38,729,000 for the fiscal years ended June 30, 2013 and 2012, respectively. Plan members receiving benefits contribute at various rates, depending upon when they retire, whether they are eligible for Medicare, the contribution rate in effect on the day of their retirement, the contribution rate for active employees, and applicable collective bargaining agreements. Following are the contribution rates of plan members as of June 30, 2013:

- Plan members receiving benefits who retired prior to July 1, 2005, are not required to make contributions.
- Nonfaculty coaches who retired July 1, 2005, or after pay a percentage of their final annual gross salary at the time of retirement.
- Other eligible annuitants who retired on or after July 1, 2005, and prior to January 1, 2008, and who are under age 65 pay 10% of the plan premium in effect on the day of retirement. When annuitants become eligible for Medicare, they pay 15% of the current cost of their Medicare coverage and current cost of coverage for covered dependants. The rate changes annually, and future adjustments will apply if contributions increase for active employees.
- Other eligible annuitants who retire after July 1, 2008, pay 15% of the plan premium in effect when they retired.

Total contributions made by plan members were \$3,607,000 and \$3,189,000, or approximately 7.7% and 7.6% of the total premiums, for fiscal years ended June 30, 2013 and 2012, respectively.

NOTE 10 COMPENSATED ABSENCES AND POSTRETIREMENT BENEFITS (CONTINUED)

System Plan (Continued)

Annual OPEB Cost and Net OPEB Obligation

The University's annual other postemployment benefit (OPEB) cost is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with GASB Statement 45. The ARC represents a level of funding that, if paid annually, is projected to cover normal cost plus the annual portion of the unfunded actuarial liability amortized over 30 years. The following shows the components of the University's annual OPEB cost for the year, the amount actually contributed to the Plan, and changes in the University's net OPEB obligation:

Annual Required Contribution	\$	15,643,000
Interest on Net OPEB Obligation		3,707,000
Adjustment to Annual Required Contribution		(4,500,000)
Annual OPEB Cost		14,850,000
Contributions Made		(5,068,318)
Increase in Net OPEB Obligation		9,781,682
Net OPEB Obligation, Beginning of Year	****	95,093,957
Net OPEB Obligation, End of Year	\$	104,875,639

The University's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for June 30, 2013 and the two preceding years were as follows:

	Percentage of					
	Α	nnual OPEB	Annual OPEB	Net OPEB		
Year Ended June 30,		Cost	Cost Contributed	Obligation		
June 30, 2013 June 30, 2012 June 30, 2011	\$	14,850,000 13,611,000 12,874,000	34.1 % 36.0 % 35.3 %	\$	104,875,639 95,093,957 86,388,138	

NOTE 10 COMPENSATED ABSENCES AND POSTRETIREMENT BENEFITS (CONTINUED)

System Plan (Continued)

Funded Status and Funding Progress

The funded status of the plan as of July 1, 2012 the most recent actuarial valuation date, was as follows:

Actuarial Accrued Liability (AAL) Actuarial Value of Plan Assets	\$ 184,981,000
Unfunded Actuarial Accrued Liability (UAAL)	\$ 184,981,000
Funded Ratio (Actuarial Value of Plan Assets/AAL)	0%
Covered Payroll	\$ 70,729,000
UAAL as a Percentage of Covered Payroll	261.5%

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the July 1, 2012, actuarial valuation, the projected unit credit method was used. The actuarial assumptions included a 4.25% investment rate of return, which is the expected rate to be earned on PASSHE's operating portfolio and an annual healthcare cost trend rate of 8.0% for pre-Medicare and 7.0% for post-Medicare initially, reduced by decrements to an ultimate rate of 5.0% by 2025. The UAAL is being amortized as a level percentage of payroll on a closed basis. The remaining amortization period at July 1, 2012 was 23 years.

NOTE 10 COMPENSATED ABSENCES AND POSTRETIREMENT BENEFITS (CONTINUED)

Retired Employees Health Program

Plan Description

Employee members of the American Federation of State, County and Municipal Employees; Pennsylvania Doctors Alliance; and Pennsylvania Social Services Union participate in the Retired Employees Health Program (REHP), which is sponsored by the Commonwealth and administered by the Pennsylvania Employee Benefits Trust Fund (PEBTF). The REHP provides eligible retirees and their eligible dependents with health care benefits. Benefit provisions are established and may be amended under pertinent statutory authority. The REHP neither issues a stand-alone financial report nor is it included in the report of a public employee retirement system or other entity.

Funding Policy

The contribution requirements of plan members covered under collective bargaining agreements are established by the collective bargaining agreements. The contribution requirements of non-represented plan members and contributing entities are established and may be amended by the Commonwealth's Office of Administration and the Governor's Budget Office. Plan members who enrolled prior to July 1, 2005 are not required to make contributions. Plan members who enrolled after July 1, 2005 contribute a percentage of their final salary, the rate of which varies based on the plan member's enrollment date. Agency member (employer) contributions are established primarily on a pay-as-you-go basis. In 2012/13, PASSHE contributed \$265.00 for each current active employee per biweekly pay period. PASSHE made contributions of \$25,638,000, \$23,228,000 and \$20,069,000 for the fiscal years ended June 30, 2013, 2012 and 2011, respectively, which equaled the required contributions for the year. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

NOTE 11 PENSION BENEFITS

The University's employees participate in one of three retirement plans.

The Public School Employees' Retirement System (PSERS) and the Commonwealth of Pennsylvania State Employees' Retirement System (SERS) are governmental cost-sharing multiple employer defined benefit plans. The Alternative Retirement Plan (ARP) is a defined contribution plan administered by PASSHE.

NOTE 11 PENSION BENEFITS (CONTINUED)

PSERS provides retirement and disability benefits, legislative mandated ad hoc cost-of-living adjustments, and healthcare insurance premium assistance to qualifying annuitants. The Public School Employees' Retirement Code (Act No. 96 of October 2, 1975, as amended) (24 Pa. C.S. §§ 8101-8535) is the authority by which PSERS benefits provisions are established and may be amended. The contribution policy for PSERS is established in the Public School Employees' Retirement Code and requires contributions by active members, the employer (PASSHE), and the Commonwealth of Pennsylvania. Active members contribute at a rate of between 5.25% and 7.50% of their qualifying compensation, depending upon when the active member was hired and what benefits class is selected. New members hired after July 1, 2011, have a one-time election to choose a 10.3% contribution rate. The contribution rate for the University is an actuarially determined rate. The rate was 6.18% of annual covered payroll at June 30, 2013. The University's contributions to PSERS for the years ended June 30, 2013, 2012 and 2011 were approximately \$339,000, \$210,000 and \$122,000, respectively, equal to the required contractual contribution. PSERS issues a comprehensive annual financial report that includes financial statements and required supplementary information for the plan. A copy of the report may be obtained by writing to Public School Employees' Retirement System, P.O. Box 125, Harrisburg, PA 17108-0125.

SERS also provides retirement, death, and disability benefits, and legislative mandated ad hoc costof-living adjustments, Article II of the Commonwealth of Pennsylvania's Constitution assigns the authority to establish and amend the benefit provisions of the plan to the General Assembly. The contribution policy for SERS, as established by the State Employees' Retirement Code, requires contributions by active members and the employer (the University). The contribution rate for both active members and the University depends upon when the active member was hired and what benefits class is selected. Contribution rates for most active members are between 5.0% and 6.25% of their qualifying compensation. New members hired after January 1, 2011, have a one-time election to choose a 9.3% contribution rate. The University contributed at an actuarially determined rate of between 8.43% and 10.51% of an active member's annual covered payroll at June 30, 2013 The University's contributions to SERS for the years ended June 30, 2013, 2012 and 2011 were approximately \$2,491,000, \$1,613,000 and \$1,043,000, respectively, equal to the required contractual contribution. SERS issues a publicly available annual financial report that includes financial statements and required supplementary information for the plan. A copy of the report may be obtained by writing to Commonwealth of Pennsylvania, State Employees' Retirement System, P.O. Box 1147, Harrisburg, PA 17108-0125.

NOTE 11 PENSION BENEFITS (CONTINUED)

Because the ARP is a defined contribution plan, benefits depend upon amounts contributed to the plan plus investment earnings. Act 188 empowers the Board to establish and amend benefit provisions. The State Employees' Retirement Code establishes the employer contribution rate for the ARP, while the Board establishes the employee contribution rates. Active members contribute at a rate of 5% of their qualifying compensation. The University's contribution rate on June 30, 2013 and 2012 was 9.29% of qualifying compensation. The contributions to the ARP for the years ended June 30, 2013 and 2012 were approximately \$6,350,000 and \$6,090,000, respectively, from the University, and \$4,190,925 and \$4,019,412, respectively, from active members.

NOTE 12 WORKERS' COMPENSATION

The University Participates in PASSHE's self-insured workers' compensation plan. For claims occurring prior to July 1, 1995, the University must pay up to \$100,000; for claims occurring on or after July 1, 1995, the University must pay up to \$200,000. Claims in excess of the self-insurance limits are funded through the Workers' Compensation Collective Reserve Fund (Reserve Fund), to which all universities of PASSHE contribute amounts as determined by an independent actuarial study. Based on updated actuarial studies, the University contributed \$400,767 and \$205,003 to the Reserve Fund in 2013 and 2012, respectively.

For the years ended June 30, 2013 and 2012, the aggregate liability for claims under the self-insurance limit was \$1,158,473 and \$1,559,240, respectively. Changes in the workers compensation claims liability amount in fiscal years 2013 and 2012 follow:

	 2013	2012		
Balance at July 1	\$ 1,559,240	\$	1,495,867	
Current Year Claims and Changes in Estimates	-		268,376	
Payments	 (400,767)		(205,003)	
Balance at June 30	\$ 1,158,473	\$	1,559,240	

NOTE 13 COMMITMENTS, CONTINGENCIES AND CONCENTRATIONS

Authorized expenditures for ongoing construction projects at June 30, 2013 were approximately \$6,472,798.

The nature of the education industry is such that, from time to time, the University is exposed to various risks of loss related to torts; alleged negligence; acts of discrimination; breach of contract; labor disputes; disagreements arising from the interpretation of laws or regulations; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

While some of these claims may be for substantial amounts, they are not unusual in the ordinary course of providing educational services in a higher education system. The University is self insured for workers' compensation up to stated limits (Note 12). For all other risks of loss, the University pays annual premiums to the Commonwealth to participate in its Risk management program. The University does not participate in any public entity risk pools, and does not retain risk related to any aforementioned exposure, except for those amounts incurred relative to policy deductibles that are not significant.

The University has not reduced significantly any of its insurance coverage from the prior year. Settled claims have not significantly exceeded the University's insurance coverage in any of the past three years. It is not expected that the resolution of any outstanding claims and litigation will have a material adverse effect on the accompanying financial statements.

Under the terms of federal grants, periodic audits are required and certain costs may be questioned as not being appropriate expenditures under the terms of the grants. Such audits could lead to reimbursement to the grantor agencies. The University's management believes disallowances, if any, will be immaterial.

NOTE 14 GROUND LEASE

University Student Housing, LLC ("USH"), a subsidiary of the Foundation, constructed, through tax exempt bond financing, two student housing facilities on the University's North and South campuses on land owned by the Commonwealth under the custody and control of the University. In August 2003, the University entered into a ground lease agreement with USH to lease the land on which the housing facilities were to be constructed. The lease agreement expires in August 2045 or 2035 if the related bond financings are satisfied by USH. Ownership to the facilities constructed on the land transfers to the University at the end of the lease term.

The agreement calls for an annual base rent of \$50,000, commencing August 2004, with annual increases of 3%, and a system fee payment based upon revenues of the facility as defined in the agreement.

The University has subordinated its rights to base and percentage rent payments to any payments due by USH on their related bond financing. Any unpaid amounts accrue interest at prevailing prime rates.

USH constructed, through tax exempt bond financing, two student housing buildings, Allegheny and Brandywine, to replace the University's dormitory-style student housing on land owned by the Commonwealth under the custody and control of the University. In March 2008, the University entered into a second ground lease agreement with USH to lease the land on which the buildings were to be constructed. The lease agreement commenced on July 1, 2009 and expires on July 1, 2053 or 2043 if the related bond financings are satisfied by USH. Ownership to the facilities constructed on the land transfers to the University at the end of the lease term. The agreement calls for annual base rent of \$7,058, with annual increases of 3%, and a system fee payment based upon revenues of the facility as defined in the agreement.

The University has subordinated its rights to base and percentage rent payments to any payments due by USH on their related bond financing. Any unpaid amounts accrue interest at prevailing prime rates.

NOTE 14 GROUND LEASE (CONTINUED)

At June 30, 2013, future minimum lease payments due under the ground leases are as follows:

Year Ending June 30,	200	2003 Lease		
2014	\$	65,239	\$	7,712
2015		67,196		7,944
2016		69,212		8,182
2017		71,288		8,428
2018		73,427		8,680
Thereafter		1,717,115		344,705

USH subleases 27,740 square feet of ground floor space in Allegheny and Brandywine to the University for \$20 per year. The University reports fair value rent expense beginning with the fiscal year ended June 30, 2011. The University is responsible for leasehold improvements. The lease term is 29.5 years.
