

# Undergraduate Certificate In Early Intervention

## What Is It?

- Prepares students to work with young children (birth to age five) with a disability, are at-risk for developmental challenges or have developmental delays.
- Specific emphasis on evidence based practices, family centered approaches and interdisciplinary collaboration
- Curriculum is comprised of both coursework and field experiences

## Careers in E.I.

- Early Intervention Specialist
- ABA Therapist
- Early Childhood Educator
- Service Coordinator
- Community Outreach
- Family Educator

## Coursework Includes:

- **EDA 331:** Foundations of Early Intervention (3 credits)
- **EDA 332:** Infants and Toddlers (3 credits)
- **EDA 333:** Young Children (3 credits)
- **EDA 334:** Field Experience with Seminar (3 credits)

\* A minimum grade of "C" must be earned in all courses

## Clearance Requirements

Clearances required for EDA 334 [Field Experience with Seminar] - students must provide evidence of current clearances in accordance with the Education and Social Work Clearance Policy.
