### **Get Healthy**

#### **Know Your Numbers Wellness Screenings**

#### **For employees and covered spouses/domestic partners**

The Pennsylvania Employees Benefit Trust Fund (PEBTF) offers confidential wellness screenings that give you valuable information about your health and health risks. You may then visit your doctor to discuss your results and set goals for better health. Your health and well-being are important to the PEBTF. If each of us manages our health issues and maintains a healthy lifestyle, we can positively impact our total health care costs.

**Completion of a wellness screening by both the employee and covered spouse/domestic partner is required to earn the health care contribution waiver.**

**Newly Enrolled or Return to Benefits:** If you are a newly enrolled employee or an employee reenrolled for benefits after a break in coverage, please refer to the letter you received from the PEBTF. You have 90 days from the date of your letter to complete a wellness screening.
